

VERNITA WILSON JOINS BAILEY EDUCATION GROUP

Vernita Wilson, Ed.D, will serve as the Mississippi Sales Manager for Bailey Education Group, LLC. “We are thrilled to welcome Vernita on board,” announced Pat Ross, Vice President of Operations. “For over 25 years, Vernita has served the education community, and we are excited to have someone with her experience throughout the state on our team.”

Wilson began her career as a teacher in the Vicksburg-Warren County School District and served districts throughout central Mississippi until 2011 when she moved to the private sector of education. The following ten years, Wilson managed customer relations and garnered accounts for another education consulting firm.

“Although I enjoyed teaching, I realized I could help more students if I worked in the private sector assisting Mississippi school districts with school improvement,” commented Wilson. “Joining Bailey is another step in my journey to help children. The company mission is to improve the lives of all children, and I am excited to work in that environment.”

Dr. Wilson will be responsible for expanding Bailey’s opportunities to serve children and educators in Mississippi through partnering with more school districts. “Vernita has so many relationships throughout the education community; we look forward to her bringing her experience to Bailey,” commented Ross.
